# **Organization**

## **of the**

### **City Government for the Year 1947**

---

The city government for 1947 was organized Wednesday evening, January 8, at a meeting held in the main hall of the Opera House and Mayor Henry J. Proulx delivered the following inaugural address:

#### **Mayor Proulx's Inaugural**

Reverend Father, Members of the City Council and fellow citizens:

In acknowledging publicly my privilege for the eighth time in delivering to you an inaugural address, I am mindful of the mandate of a confident people, the right they have exercised in my election, and the responsibility that I assume in accepting the highest office that can be proffered to anyone in this community.

This responsibility of leadership I accept with a qualification for guidance, which must during the coming year, be for "Good Government" and the welfare of this community. As in the past seven years I will rely on the assistance and support of my council, and I will tirelessly strive to maintain a government of the people, dedicating it to the service of itself and its preservation. In referring to my council I believe that it can be interpreted literally, owing to the record in the last five years showing a dissenting vote on three occasions only. My purpose in making this observation is to emphasize the regularity of policies introduced for legislation which have been endorsed by minority as well as majority seated in the deliberations.

The past one hundred and fifty years in the United States have proven only too well what a peoples' form of government has accomplished, for the mutual understanding, progress, freedom, and economic security of a nation which has survived influences of intolerance, greed, ambition and hate, in spite of the fact, that its perpetrators, or organizations fostering such moves, had designs and aims to divide such a unity of understanding by the subterfuges of **hate crusades, false and bias philosophies** intended to strike at the very cornerstone and structure of our nation, that now stands alone as a hope to a world torn and tattered by the same such methods, and struggling for survival in its confusion, deception and its suspicion of mankind.

As a nation we are hopeful that our way of life, on trial so many years, will make its contribution to establish a permanent and lasting peace, that our experience as a union of free men is symbolic and the pattern of the world to follow, and that we offer it as the only solution to their problem. If we fail in this, I fear the outcome for a permanent and lasting peace and fear more for the consequences that we will be confronted with here at home.

What an effect it must have on the morale of starving people, dying of exposure for need of clothing, with only a threadbare chance of existence, praying for early understanding that negotiating nations will conclude a speedy compromise in the differences that confront them for a world peace, when shocking headline news from the United States of America reveals the activities of subversive organizations, and champions of ideologies who are in the portals of our Congress, and whose "likes" are dispersed throughout our towns, villages and cities in the United States.

The hand of responsibility rests heavily on the communities that make up this nation in its drive to exterminate ideologies inimical to its security and to the freedom it so highly treasures, because communities, such as our own, are the fiber that make up the unity and that strength needed in influence the pattern that the world of tomorrow should be, if opportunity to all is to be preserved and if here in the United States it is to continue to be what we advocate to others.

The recent headlines in our newspapers revealing the activities of the Columbians, and the report of the un-American activities counsel, has shocked the nation, but comes as a timely warning for vigilance against trends that suggest rebellion against the

cardinal institutional foundation of the only free country in the world; its primary intention to divide and conquer with its trojan horse riding against races, foreigners, creeds, color and Jews have always been its approach, while under the protective coat of the hand that has always fed it.

Yes, leaders and proponents of ideologies inimical to the best interest of the United States, have served their country in time of war, which for all intent should, in the eyes of the people, be sufficient to qualify them as good Americans.

There is only one definition for an American, if he lives up to the requirements as such, his origin is given no preference, whether born or naturalized as such, and there is no manner to condone any rebellion against that privilege, if it ever has been betrayed.

The redeeming irony to the failures of these ingrates to impose on their fellow Americans their despicable philosophies, which must obsess them, is the apparent passive and generous attitude of society which always overlooks their lamented inequity but remains suspicious of their usefulness to themselves or their neighbor.

As we face 1947 let us make the first aim of our engender one of a movement of permanent peace, the climax fitting to permanent victory, and by our unity make the contribution to peoples of this earth which we so highly regard, as the answer to the understanding that should prevail in a communion of men. Let us be resolved to the unity of purpose and spirit that will associate our community as one typical of the "Little Americas" that reflect confidence and integrity to the honor and glory of God and Country.

We have just experienced one of the city's most vigorous political campaigns but what it furnished in vigor, it lacked in construction owing to the ambition and greed that was interjected by the issue of Municipal Light and Power, and an issue that will be with us and the State of New Hampshire until the natural resources of the State and cities are returned to their rightful owners.

Although narrowly defeated, Municipal Light and Power has fully reached the people in what it is designed to do, and the day is not too far off when it will become their earnest possession as intended for their economic happiness.

The State, Country and cities now eager to propose new sources of revenue, to meet and defray the costs of their operations, could well be reminded of the natural resources that would be perpetual that they now control, and that are forfeited for exploitations to combines whose cash registers can be heard ringing out of the state, while governments struggle with exemptions and imposition of taxes on those, who by their birthright and the laws of the State of New Hampshire, are denied the reciprocity of their devotion to its expansion and the happiness they are entitled in it.

Few states can boast or even equal the potential, that New Hampshire denies itself and its communities in natural resources for electricity, a flow of income and economic happiness intended for its people, who have first claims by reason of their settlement and the confidence in its future. This venture to return to the people their "States Rights" cannot be matched or equaled for reliability by any source of income that we might seek. It is a venture with a cost that will compete with time, that is controlled by the laws of God, which have blessed the communities of this state and are designed to flow in perpetuation until the end of time, serving generation after another for their prosperity.

This is no occasion for recrimination, but this does afford me an opportunity to offer some constructive suggestion to a community paper, the Journal-Transcript, which in the past has enjoyed one of the finest reputations for accuracy in newspaper reporting, and which for many years has been as much a part of Franklin as the people in it.

I do not think that anyone cares whether the future policy of the news-sheet goes "Big Time", "Small Fry" or Sensational, just so long as we do not lose the basic value of a good newspaper, so well chosen in the motto of a leading newspaper in New Hampshire, "Remember there is nothing so powerful as the truth".

I doubt, Mr. Editor, by what has been exhibited in writing lately that you will ever grow enough to fill a woman's shoes, but surely you can outgrow the size worn by "Baby Snooks" in some of your editorials that are as changeable as the character itself.

I would recommend that the present city council demand that the Public Service Commission of New Hampshire investigate the behavior of the Public Service Company during the past two elections on Municipal Light and Power in Franklin, and that its tactics in the past campaigns, as well as the money spent be declared publicly, stating whether stockholders are bearing the

costs and if not, who is. In making this report I would recommend that the Public Service Commission publish the names of recipients of compensation if any, and how much.

During the past campaign we witnessed an indulgence of sensational statements or allegations by the opposition through the press and radio which were proven to be as well founded as a platform of the opposition, and as the screaming implication that was made about Franklin's chaotic financial condition. The voters of Franklin answered these allegations as adroitly as possible and now should need no further comment.

But since finances are always interesting when they can be reliably discussed, I would, for the record, give you a little information on what High Finance really is, and if you will permit me, present in comparison the experiences of my past administrations with those that preceded me.

I would like to say that as the campaign progressed, I invited Mr. Brown of the Journal-Transcript, to avail himself of all our public records, that we would assist him in obtaining any information he sought as a gesture to an individual reporting the progress of the campaign, and who wanted to impress a public with his fairness, his open-minded and ardent desire to print news accurately.

In accordance with the auditors' findings, in the audit of the books for 1946, the city of Franklin increased its net debt \$29,977.00, notwithstanding that a \$55,000 bond issue was raised during the past year. When elected to office in 1940 the net debt was \$312,338.71 and at the close of 1946 showed \$227,344.58, an improvement of \$12,141.01 yearly. The average yearly interest paid was \$8,519.67 on an average yearly net debt of \$238,344.00.

From 1900 to 1939 the average yearly net debt was \$227,851.13 with an average yearly interest charge of \$10,427.25.

The highest net debt recorded since 1900 was in 1938 showing \$346,709.40 and the lowest range reached was \$141,754.00 in 1904.

From 1900 to 1946 inclusive meeting its obligation Franklin appropriated and paid out \$476,728.48 in interest for an average yearly indebtedness of \$227,597.85.

I have had twenty predecessors since 1900 and none, as evidenced by the record, have bettered the achievement of this present administration on the basis of its net debt record.

Eleven administrations showed increases on the net indebtedness. Five improved the net indebtedness from 1 to 6,000 per year during their term. One reduced his financial indebtedness with 11,000 for each of two years, and I think this deserves comment as it is one for the book, since he accomplished it by an increase of a tax rate of \$2.50 per 1000 to compensate for the reduction of \$1,034,949 of valuation which became lost to the community.

I think the gem in the book on high finance is the history of the bond issue of Memorial Hall which cost the citizens of Franklin \$80,000, over \$50,000 of which was for interest. I think if an investigation was effected in determining those who are screaming the loudest about how finances of Franklin are being handled, it might prove that the originators are the heaviest beneficiaries to the tremendous interest amount of \$476,729.00 that our community has paid since 1900 for its obligations to its "fellowman", and the amount, mind you, was for an average yearly debt of \$227,597.85.

In spite of obstacles and some opposition, the Daniell Park Development for Veterans bids to become a landmark in our community, and an achievement that is bound to testify to the integrity of the citizens of Franklin in their pledges to the boys who served in the armed forces. Its planning has been national news, and has earned for the city of Franklin a reputation that things can be done notwithstanding handicaps and difficulties to overcome. Veterans throughout the United States were high in their praise for the community accomplishment, as service magazines and newspapers referred to it as the answer to the problems of Veterans' housing and to the people responsible, as those who translated into action the promises they made publicly.

With 15 homes now in the process of building and 20 more to be erected in the spring, this little "Veterans' City" will be one of the finest residential areas in Franklin.

Eight thousand one hundred feet of sewer and 31 manholes have been installed to meet the sanitary needs of this development, in a period of 10 weeks aided by the power shovel and bulldozer, that is presently highway equipment and which has paid for itself, in the hours employed, based on the standard price of that equipment rented.

The highway department with employment of additional hand labor, contributed the service of shovel and bulldozer to install water services consisting of 4,027 feet of eight and six inch water pipe and 600 feet of copper  $\frac{3}{4}$ -inch water pipe. To complete the water service it will require installation of 3813 feet more of pipe, which is now on the premises. Over circumstances, over which the city has no control, water pipes were ordered in February and delivered in November and December in time to meet its need of the first occupant of a completed home in the area, Capt. Royce Connor. Thanks again to machinery that made it possible we were able to live up to every prediction made in connection with this project.

The cost to the taxpayer for this enterprise was about \$16,000 and to complete it will total approximately \$10,000, and this should be sufficient to gravel streets and sidewalks, and oil them, and to complete water and sewer service.

I want to thank publicly the committee handling this project and particularly Councilmen Gilman and Perreault upon whom fell the brunt of the burden of a good job that will be complimentary to them for years to come.

1946 ushered to our community an industry that bids well to make its contribution to our happiness. It is the first one of sizeable proportion venturing with us, and will go far to absorb the need for women employment in our community. Mr. John Shepard is to be commended for his interest and faith in his community, as he only by his investment, made this new industry possible to Franklin, a growing payroll that might reach \$175,000 per year.

We have the interest of another that will require space to be induced to Franklin, and this organization enjoys a reputation second to none in New England. Every effort is now being made to find 12,000 square feet of floor space for 100 employees within the near future. This company would use, if available, 36,000 square feet of manufacturing floor space and up to 300 employees. Their sincerity is emphasized by the promise to build their own plant in three years, if they can be furnished 12,000 square feet of convenient floor space within the near future. Following the trend of their fellow manufacturers they are decentralizing and are satisfied that Franklin has the promise and future that would make them and the people of this city happy.

I believe we should cultivate and keep our interest high in preserving the industries we have here, but I also subscribe that industry has an obligation to a community by offering its citizens employment, and if these now present are limited in this respect, other industries should be induced to come here and absorb the demand and need of employment. Employment has always sought its opportunity experienced by the number who left Franklin in the past 35 years, denying industries any encouragement to settle with us and "freezing" a community's population in the last two decades.

There is no city in New Hampshire that has more promise than Franklin for growth and future and its people are the friendliest in New England.

No period is more critical to an economy than the reconversion period we are now experiencing. The freezing of wages during the war, the cancellation of war contracts have brought speculation and uneasiness to industry, labor, commerce and to the governments.

All are predicting what their demands are going to be, and clashes of opinion are creating an uneasiness that bids well to effect the rapidity with which we will meet a normal reconversion.

Into the adjustment of what standard wages should be, we have labor that contends, that during the war period wages were frozen and the day of patriotic sacrifice for victory should now be atoned for by wages, that should meet the standard of living. With wartime restrictions lifted for industry they feel that costs plus days are over, and are entitled to the benefits of a free enterprise.

In our community, in estimating the needs for operational expenses we have it is true a problem of appraisal on what the demands are going to be as necessary to provide for a living standard. We are favored in one respect that wages during the war have never been frozen in the sense of the word for community or city of governments and our grants and increases when made met the demand of all city employees.

Another factor on our program of employment experience in the last five years, has been a 52-week pay guarantee to every employee, a program that labor throughout the United States is trying to negotiate with industry.

The city of Franklin is probably alone in New Hampshire operating under this rule. This should be another factor to remember on demands being made on the community for this year 1947, and I hope will be considered by all employees.

Arbitrary demands for increases in pay, not based on justification, will not solve our problem in economics as any appreciable increase on the demand made on the taxpayer will be felt keenly.

There may be some adjustments necessary in our budget to meet salaries of personnel but I think it should be rather on the standard of living, not on the rocketing spiraling display of demands, being fostered throughout the country, when the graff cost of living is so earnestly witnessing a plummeting descent of living commodities in a hectic and uncontrolled trend.

Since 1930 the State Board of Health has been advocating more water supply for Franklin although the bacterial record has been excellent.

Eighty-five percent of Franklin's water supply is derived from the Pemigewasset River which is a polluted stream and purification is achieved by brief storage in a settling basin followed by filtration through slow sand filters and then chlorinated. The remainder of our water supply comes from Cold Spring Park (The Bluffs) and is pure spring water.

In accordance to records of the Water Department approximately 300,000 gallons of water is available from all sources every eight hours.

The chief criticisms of the State Board of Health are:

- (1) Mechanical condition of filters and their capacity to produce are at a low rate of filtration sufficiently enough for adequate fire protection.

- (2) Filters which are uncovered freeze at surface and become inaccessible for proper care during the winter months.

Back in 1940 plans were under way for an improvement of Franklin's water supply, but with war interrupting, tests for gravel water wells did not take place until 1945 when some 35 tests were made at some expense. There was one successful "strike" with adequate volume, but analysis did not meet State requirements.

There has never been any disagreement between the Board of Water Commissioners and the city council on the need of a new filtration plant, but the plans and what will be recommended, must come from this department which is the agency recommending this step and which is responsible under its charter.

Designs of a new plant have already been submitted by an employed engineer which have met the requirements of the State Board of Health and now under consideration.

I would recommend, when proper agreement is reached on a new system, that the cost of a new filtration plant be absorbed by the income of the Franklin Water Department in the issue of a revenue earning bond and spare its imposition on the taxpayers in appropriating necessary funds to maintain city operating costs.

In conclusion may I invite your criticisms that are so effective in the interest of Good Government, which will promote the confidence of the trustees of your Corporation, the City of Franklin, and move them to serve you in their best manner possible. I wish you all the hope that a guidance of God will provide us a permanent and lasting peace, which I am confident will be for us all a Happy New Year.

Henry J. Proulx

# City Government

## CITY COUNCIL

### Mayor

Elected annually on the fourth Tuesday of November. Salary \$200.00 a year.

Henry J. Proulx

### Councilmen

Elected by wards for three years. One member from each ward elected on the fourth Tuesday of November annually. No salary.

	Term expires
Ward 1—Frank O. Sargent	January 3, 1948
H. Asa Bennett	January 7, 1949
Allen Atwood	January 6, 1950
Ward 2—Lawrence Gauthier	January 3, 1948
Wiggin S. Gilman	January 7, 1949
Ernest Lemire	January 6, 1950
Ward 3—Earl S. Sargent	January 3, 1948
Albert Perreault	January 7, 1949
Scott Coen	January 6, 1950

### Standing Committees of the Council, 1947

Highways—Gilman, Perreault, F. Sargent  
Sewers—Bennett, E. Sargent, Lemire  
Fire—Coen, Lemire, Bennett  
Police—Perreault, Coen, E. Sargent  
Ordinance—F. Sargent, Coen, Atwood  
Street Lighting—Lemire, E. Sargent, Atwood  
Claims—E. Sargent, Gauthier, Bennett  
Health and Welfare—Atwood, Gauthier, Coen  
Lands and Buildings—Gauthier, E. Sargent, Perreault  
Daniell Park Dev.—Gilman, E. Sargent, Perreault, F. Sargent,  
    Michael Burke and George Lacroix  
Finance Committee—Mayor, Gilman, Perreault

**City Clerk, Tax Collector, Purchasing Agent, Clerk of Board of  
Assessors and Custodian of Memorial Hall**

Elected annually by the City Council. Salary \$2901.60 a year.

Mildred S. Gilman

**Deputy City Clerk**

Elected annually by the City Council. Salary \$35.00 a week.

Olive C. Sawyer

**Overseer of the Poor**

Elected annually by the City Council. Salary \$48.00 a week.

Gertrude Brodeur

**City Treasurer**

Elected annually by the City Council. Salary \$220.00 per year.

Hazle K. Michaud

**City Solicitor**

Elected annually by the City Council. Salary \$700.00 per year.

George T. Ordway

**Assessors**

Elected annually by City Council. Salary, Chairman, \$550.00 a year,  
\$525.00 per year, other two.

Ward One

Ward Two

Ward Three

Victor Sokul

Albert J. Garneau

Ernest Astbury, Chr.

**Highway Commissioner and Tree Warden**

Elected annually by City Council. Salary \$55.00 a week.

Hector Dion

**Welfare Commissioners**

One member from each ward elected annually for a term of three years.  
No salary.

Term expires

Louis H. Douphinett

February 5, 1948

J. P. Blais

February 4, 1949

Albert B. Guay

February 7, 1950

## POLICE DEPARTMENT

### Chief of Police

Elected annually by the City Council. Salary \$55.60 per week.

Charles E. Legare

### Deputy Chief of Police

Elected annually by the City Council. Salary \$43.00 per week.

Clarence Lacoursiere

### Regular Officers

Appointed by the City Council. Salary \$43.00 a week.

Warren E. Danforth

John Pikor

### Special Police Officers

Frank Landry

Frank Piwonski

Carl Hunt

Thomas Fox

Sidney Holmes

Joseph Miquelon

Ralph Colcord

Harold Colby

Eli Gagne

George Luman

Leslie Boomhower

## FRANKLIN MUNICIPAL COURT

### Clerk

Appointed by the Justice. Salary \$300.00 per year.

Howard Garand

### **Justice**

Appointed by the Governor and Council. Salary \$900.00 a year.

Robert T. Hoyt

### **Probation Officer**

Appointed by the Justice. Salary \$130.00 per year.

Jean M. Shaw

---

## **FIRE DEPARTMENT**

One chief and two assistant engineers elected annually by the City Council. Pay schedule: Chief engineer \$2860.00 per year; two assistants, \$254.00 a year; captains, \$127.00 per year and \$1.00 per hour; firemen, \$67.00 per year and \$.80 per hour; Driver-mechanics, \$41.15 per week.

### **Chief Engineer**

Leslie Boomhower

### **Assistant Engineer**

Frank Butler

### **Assistant Engineer**

Clarence Thompson

### **Firemen**

#### **Hose Company No. 1**

Bernald Cook, Captain, 10 men

#### **Engine Company, No. 1**

Robert O. F. Cunningham, Captain, 15 men

#### **Hook and Ladder Company**

Moise Mercier, Captain, 15 men

### **Janitor of Memorial Hall and Heating Plant**

Elected annually by City Council. Salary \$40.00 per week.

Ralph Colcord

### **Board of Water Commissioners**

Two members elected annually by the City Council for three years. No salary. Salary of Clerk \$300.00 per year.

Term expires

Edmund J. Garneau*, Alexander B. Hebert	January 3, 1948
Ernest Michaud, Harold S. Colby	January 7, 1949
Parker E. Sawyer, George T. Ordway	January 3, 1950

\* Deceased. William S. Thompson appointed.

### **Superintendent of Water Works**

Appointed by Water Commissioners.

J. Lester Merrill.

### **Board of Park Commissioners**

Established March 3, 1913. One member elected annually by the City Council for three years. No salary.

Term expires

George Lacroix	March 5, 1948
Robert Moody	March 4, 1949
Henry Trachy	March 6, 1950

### **Board of Health**

Elected annually by the City Council. Secretary and Chairman of the Board of Health and Milk Inspector, \$240.00 per year. No salary for second and third members.

Herbert A. Griffin, Secretary, Chairman and Milk Inspector

Frank J. Kropp, M. D.

Caroline Dorman

### **Trustees of Public Library**

Two elected annually by the City Council for three years. No salary.

Term expires

Alice M. Shepard, Henry J. Proulx*	January 3, 1948
Wesley A. Paige, Carrie Eddy	January 7, 1949
Rodney A. Griffin, 2nd, Edward Sillari	January 6, 1950

\* Resigned March 3, 1947, Donald Piper appointed to fill unexpired term.

### **Surveyors of Wood and Lumber and Fence Viewers**

Appointed annually by the Council.

Ernest Smith, Ernest Elliott, Earl Picard, Martin Crowley, Milo Unwin, Edward Colby, Colin Jones and Henry Prince

### **Trustees of Trust Funds**

One elected annually by the City Council for a three year term.

	Term expires
W. F. Duffy*	September 13, 1947
Ernest Smith	September 13, 1948
W. Frank Welch	September 13, 1949

\* Resigned January 6, 1947. John Shepard appointed to fill unexpired term.

---

### **WARD OFFICERS**

Elected biennially by the ward.

#### **Ward One**

Moderator—George G. Fowler

Ward Clerk—Delia Smith

Supervisors of Checklist—Malcolm Conant, Eugene Beaupre, Jr.,  
and Charles Slack

#### **Ward Two**

Moderator—Dominic Cushing

Ward Clerk—Frederick Moody

Supervisors of Checklist—Lydia Rocheleau, Emma Mercier and  
Philip Desrochers

#### **Ward Three**

Moderator—Luella Dempsey

Ward Clerk—Paul Laroche

Supervisors of Checklist—Joseph Mercier, Regina Mercier and  
Robert Bailey

PEISCH, ANGELL & COMPANY

Accountants and Auditors

Norwich, Vermont

March 18, 1948

To the Honorable Mayor and City Council  
City of Franklin  
Franklin, New Hampshire

In accordance with your request we have audited the General Fund accounts of the City of Franklin for the year ended December 15, 1947, and the accounts of the Water Department of the City of Franklin for the year ended December 31, 1947, and we have prepared the accompanying statements from the books and records of the City Clerk, Tax Collector and Water Department.

Our examination was directed to the assets and liabilities as recorded in the General Fund accounts at December 15, 1947, and to the assets and liabilities as recorded in the accounts of the Water Department at December 31, 1947; and, without making a detailed audit of all transactions for the year, we reviewed the receipts and expenditures recorded in the General Fund accounts for the year ended December 15, 1947, and the receipts and expenditures recorded in the accounts of the Water Department for the year ended December 31, 1947.

. . . On the books of the City the "Taxes Receivable" account is understated and the "Unredeemed Tax Sales" account is overstated by \$516.80 representing delinquent taxes paid by the City without a tax sale.

Subsequent to our audit, the Mayor and City Clerk brought to our attention two bills of Charles T. Main, Inc. for services rendered through December 31, 1946—one dated May 26, 1947 for \$1,975.27 and one dated December 9, 1947 for \$534.00—which were not entered in the records for the year reviewed. They have also advised us that other transactions and charges may not have been properly recorded in the accounts for the year audited.

Because the City's records for the year reviewed do not appear to be complete, we cannot express an opinion on the statements submitted herewith. We believe, however, that the statements reflect the accounts as kept by the City Clerk, Tax Collector and Water Superintendent.

Peisch, Angell and Company.

Total number of bell alarms .....	29
Total number of still alarms .....	127
Total number of miles traveled .....	969
Total number of feet of 2½ inch hose laid .....	11300
Total number of feet of 1½ inch hose laid .....	3250
Total number of gallons extinguisher used .....	238
Total number of feet of ladders raised .....	1332
Total number of gallons of gasoline used .....	1192
Total number of quarts of oil used .....	52
Total number of hours all fire pumps used .....	42 hrs. 25 min.
Total number of times forest fire trailer used .....	12
Total number of times C. O. 2 used .....	5
Total number of times members of department called upon for blood transfusions .....	24

### Yearly Report of Engine Co. 1

Total number of bell alarms .....	22
Total number of miles traveled .....	146
Total number of feet of 2½-inch hose laid .....	5950
Total number of feet of ladders raised .....	96
Total number of gallons of gasoline used .....	106
Total number of quarts of oil used .....	28½
Total number of hours pumping .....	6½

### Yearly Report of Engine Co. 2

Total number of bell alarms .....	25
Total number of still alarms .....	126
Total number of miles traveled .....	554
Total number of feet of 1½ inch hose laid .....	2850
Total number of gallons extinguisher used .....	237½
Total number of feet of ladder raised .....	624
Total number of gallons of gasoline used .....	156
Total number of quarts of oil used .....	4
Total number of hours pumping .....	16 hrs. 25 min.
Total number of times forest fire trailer used .....	12
Total number of hours lighting plant ran .....	¾
Total number of times C. O. 2 used .....	4

### Yearly Report of Hose Company No. 1

Total number of bell alarms .....	19
Total number of miles traveled .....	76
Total number of feet of 2½-inch hose laid .....	4600
Total number of gallons of gasoline used .....	54½
Total number of hours pumping .....	5¾

### Yearly Report of Rescue Company No. 1

Total number of bell alarms .....	23
Total number of miles traveled .....	171
Total number of feet of 1½-inch hose laid .....	400
Total number of gallons of gasoline used .....	42
Total number of quarts of oil used .....	2
Total number of times boat trailer used .....	2
Total number of times C. O. 2 used .....	1

### Yearly Report of Ladder Co. 1

Total number of bell alarms .....	18
Total number of still alarms .....	1
Total number of feet of 2½-inch hose laid .....	750
Total number of feet of ladders raised .....	616
Total number of gallons of gasoline used .....	64
Total number of hours pumping .....	1
Total number of hours lighting plant ran .....	1

### Yearly Report of Forest Fire Pump

Total number of hours pumping .....	10¾
Total number of quarts of oil .....	2
Total number of gallons of gasoline .....	14

## **Location of Apparatus**

### **Hose Company No. 1, South Main St.**

One Federal truck, American Lafrance equipped, 500 G. P. M. pumper, 1200 feet of 2½ inch hose, 1 foam and 1 soda and acid type extinguisher, 2½ gallons, 1 24-foot extension ladder, 1 12-foot roof ladder, 6 lengths of 4-inch suction hose, 100-gallon booster tank, 150 feet of ¾-inch booster hose, 1 10-ft. pike pole, 2 2½-inch nozzles, 1 1/8 tips, 1 fire axe, 1 1-gallon oil can, small kit of tools, 10 uniforms.

### **Central Fire Station, 39 West Bow St.**

#### **Engine Company No. 1**

American Lafrance Type 75, 750 G. P. M. pumper, 40 gallon booster tank, 200 feet of booster hose, 1000 feet of 2½-inch hose, 2 smoke masks, canister type, 1 24-ft. roof ladder, 1 24-ft. extension ladder, 2 2½ gallon soda and acid type extinguishers, 2 carpenter hand lights, 2 kerosene lanterns, 1 2½-inch fog nozzle, 1 1½ inch fog nozzle, 2 2½-inch 1 1½ tip nozzles, 1 Bresnahan revolving nozzle, 1 8-ft. pike pole, 6 lengths 10 ft. 4½-inch hard suction hose, 1 length of 4½ inch soft suction hose, 1 salvage cover, 1 ice chisel, 1 cooper hose jacket, 10 uniforms, radio equipped car No. 33.

#### **Engine Company No. 2**

Reo truck equipped with 250 G. P. M. pump, 80 gallon booster tank, 150 feet of ¾-inch booster hose, 800 feet of 1½-inch hose, 2 24-ft. extension ladders, 4 lengths of 3-inch suction hose, 6 2½ gallon soda and acid type extinguishers, 1 15 lb. carbon dioxide extinguishers, 1 250-watt portable lighting plant, 1 officer's hand light, 4 uniforms, 3 pails, 1 bar, 1 axe. This car is equipped with trailer hitch for forest fire trailer and is radio equipped car No. 32. 1 1½ inch fog nozzle.

#### **Ladder Company No. 1**

Mack City Service truck, 750 G. P. M., 500 feet of 2½-inch hose, 281 feet of ladders, 1 deluge set, 1 cellar syphon, 1 life net, hose covers, complete lighting plant, 5000-watt generator, 1 1500, 1 1000, 2 250-watt lights (portable flood), 2 2½ gallon soda and acid extinguishers, 2 2½ inch 1 1½ tip nozzles, 2 lengths of 5-inch hard suction hose, 18 uniforms, 1 officer's hand light.

### **Rescue Company No. 1 (Special Service)**

Lincoln Special Service truck, 400 feet of 1½-inch hose, 1 pure air blower, 2 pure air helmets, 300 feet of air hose (these masks are equipped with telephones to truck switch board); 1 H & H inhalator, 1 C & J resuscitator, first aid kit, 2 drawers of first aid supplies, 1 1500-watt generator, 1 500-watt, 1 250-watt flood lights, 1 officer's hand light, 2 salvage covers, 1 army type stretcher, 1 15 lb. carbon dioxide extinguisher, 7 uniforms, 500 feet of ½-inch rope, 50 feet of ¾-inch rope, 1 1½ fog nozzle, 1 spray nozzle.

### **Forest Fire Trailer**

This truck carries pump cans, small forest fire tools, shovels, also 250 G. P. M. portable forest fire pump.

### **Chevrolet Line Truck**

This truck is used for line work, picking up and delivering hose to fire and other trucking of department.

There is on hand at the Central Fire Station, 3900 feet of 2½ inch hose and 1250 feet of 1½ inch hose, pump cans, 3 2½-gallon soda and acid type extinguishers, 2 2½-gallon foam type extinguishers, 4 long handle shovels, 6 short handle shovels, 6 pitch forks, 1 foam applicator and 20 gallons of foam.

Value of buildings involved in fires .....	\$121,600.00
Value of contents involved in fires .....	70,550.00
Total value of buildings and contents .....	192,150.00
Damage to buildings involved in fires .....	10,083.87
Damage to contents involved in fires .....	16,440.97
Total damage to buildings and contents .....	26,524.84
Insurance on buildings involved in fires .....	129,300.00
Insurance on contents on buildings involved .....	51,800.00
Total insurance on buildings and contents .....	181,100.00
Insurance paid on buildings involved .....	5,378.87
Insurance paid on contents involved .....	1,023.72
Total insurance paid .....	6,402.59
Total loss on buildings .....	4,605.00
Total loss on contents .....	15,417.25
Total fire loss for 1947 .....	20,022.25

## Recommendations

The Board of Engineers recommend that:

2,000 feet of linen unlined Forestry Hose be purchased to use at forest fires. This hose is easily transported at a fire, and we have relied on the State Forestry to furnish same when we have had to use it and have need for this hose several times a year.

That tires be changed on the Reo and Lincoln and Lafrance if this machine is not to be replaced in 1948. This machine is 23 years old and answers all fire calls and is placed in spots where the reliability of the machine is a matter of concern to the Board.

That 6 helmets be purchased.

That 10 fire coats be purchased.

That 20 gallons of foam mixture be purchased.

The Department has added fog equipment to the extent of one 1½-inch fog nozzle on Engine 2 and one 2½-inch fog nozzle, one 1½-inch fog nozzle on the rescue squad truck.

This fall we were confronted with the draught emergency in which time a Fire Patrol was established in the rural areas for the first time in the history of the department. During this period we were very fortunate not to have had any serious forest fires. It was gratifying to note that the vast number of our citizens are willing to abide by the law in regard to out-of-door fires. But there are some who will try to disregard it and they are a menace to the whole city.

The Board wishes to take this opportunity to thank all ranks of the Department for a job well done. His Honor the Mayor, the Fire Committee and members of the City Council for the assistance in the affairs relating to the good of the Department.

LESLIE N. BOOMHOWER,  
Chief

CLARENCE L. THOMPSON,  
Assistant Chief

HENRY POISSON,  
Assistant Chief

# Police Department

HOWARD W. GARAND,

Clerk.

# Franklin Public Library

---

## Librarian's Report

To the Trustees of the Franklin Public Library:

Over a period of forty years the citizens of our city have provided for a free library for the use of men, women and children of the community. Many persons use regularly what the library offers, others use it "by spells", while teachers and pupils find it of help throughout the school year to supplement what the school department is able to provide for their use. In a place the size of Franklin the public library is a combination type, being a private library, a business library and a school library. This is true because our needs are not constantly the same but vary from time to time. If our own resources are not sufficient the use of book collections in other libraries may be ours for the asking. Then we are pleased to reciprocate with the loan of our books when needed elsewhere. There is a neighborlike helpfulness among libraries, even beyond the state, but it is evidenced more often within the state boundaries.

### Registrations

Borrowers registering during 1947 have been 345, making a file of 3,383 names. The highest registration (42) took place in October. With the arrival of the new city directory to use as a guide the cards of former borrowers who have not used the library since 1944, and have removed elsewhere apparently, have been withdrawn. These totaled 675, leaving an active list of 2,708 names. Of this number 327 are non-resident borrowers, meaning those from surrounding smaller places. As in other lines of business, the tendency is to serve areas rather than single communities. Those who come to Franklin to trade or who attend Franklin schools account for many of the mentioned number of non-resident borrowers.

## What People Are Reading

The percentage rates of the reading tastes of Franklin indicate improved choices this year. The circulation of all books and magazines figures 58 $\frac{3}{4}$ % fiction (a decrease of 1%), 20 $\frac{3}{4}$ % non-fiction (an increase of  $\frac{1}{2}$ %), 20 $\frac{3}{8}$ % juvenile books (an increase of  $\frac{1}{2}$ %) when comparing statistics with those of 1946. The largest month's circulation was in March, with 4,208 volumes as against 3,944 in November of the previous year.

## Inter-Library Loans

The interchange of needed books with other libraries has amounted to 88 titles borrowed and 113 titles loaned. We have been glad to continue loans of mystery and detective stories to a smaller library, the Belmont Public Library.

## Statistics

	Books		
	Adult	Children	Total
Number of volumes at the beginning of the year	22,388	2,202	24,590
Number of volumes added	928	326	1,254
	23,316	2,528	25,844
Number of volumes withdrawn during the year	320	253	573
Total number of volumes at the end of the year	22,996	2,275	25,271
Number of magazines currently received 122 (92 subscriptions, 30 gifts)			
Number of newspapers currently received			6

## Circulation

Number of volumes of adult fiction borrowed	24,582
Number of volumes of children's books borrowed	8,549
Number of volumes of adult non-fiction borrowed	5,987
Number of magazines borrowed	1,896
Number of pamphlets borrowed	770
Total number of volumes borrowed in 1947	41,784
Per capita circulation	6.19

## Trust Fund Purchases

**Anna G. Blodgett Fund:** Britannica world atlas; Compton's pictured encyclopedia, 15 vols.; Current biography 1946; 30 Daniel Webster items (books, prints and clippings); Harrison, American Foundations for social welfare; Negro handbook 1946-7; N. H. Register 1947; Soule, Dictionary of English synonyms; and the H. W. Wilson bill for reference books.

**Frank and Ella Chapman Fund:** Americana annual 1947; Cresson, Journey into fame; Kincaid, Wilderness road; Maus, World's great madonnas; Saxon, Fabulous New Orleans; Toor, Treasury of Mexican folkways; Van Goor, Dutch dictionary; and Webb, Texas rangers.

**Jeremiah Clark Fund:** Columbia encyclopedia, 1 vol.; Gunther, Inside U. S. A.; and Social work year book 1947.

**Elsie Y. Closson Fund:** Book of knowledge annual 1947; Children's catalog 1946 and supplements to 1950; Hayward; Colonial lighting; Look at America: New England; Scudder, Concord: American town; Wagenknecht, Story of Jesus in the world's literature; and Wright, Rainbow dictionary.

**Contributors' Fund:** Bentley, Wedding etiquette complete; Butterfield, American past; Jane's Fighting ships 1944-5; Mc-Innis, The war: fifth and sixth years; Morrison, Battle of the Atlantic 1939-43; Thomas' Register of American manufacturers 1947; and Todoroff, Food buyers information book.

**Frank L. Morrison Fund:** Britannica year book 1947; Jones, History of the American Legion; and Roget's International thesaurus.

**Helen Pike Parsons Fund:** Junior Literary Guild (48 titles); and Scribner's radio music library, vol. 9.

## The Building and Equipment

The basement was in line for thorough renovation this year. The ceiling and overhead steam pipes were whitened; the brick and stone walls, also wood trim and iron posts were painted in shades of buff and gray; finally, the floor received its first coat of gray cement paint. Several new light fixtures make the basement book and periodical stacks much easier to use. Panel doors were added to the music shelves in the Draper Room.

Two professionally painted signs were added. An information sign giving library hours was placed on the front door and a list of Franklin's libraries since 1822 is to be found in the entrance hall.

The equipment added has proved its value through use. The smallest hand model of the Burroughs adding machine, ordered in March 1946 and received in February 1947 is a great help in the library's constant use of figures. A new type of electric fan, Vornado by name, has made the reading rooms and desk more bearable in hot weather. A small metal book truck, serving as typewriter table or book truck, is a useful acquisition. An extra tall stepladder now makes it unnecessary to borrow from the Public Service Company when high light tubes need to be replaced.

Late in the fall needed attention was given to badly peeling paint on cornices and the balconies to protect surfaces until a full paint job is in order.

### **Meetings**

Group meetings at the library have been those of Library Trustees, Franklin Woman's Club, Hospital Aid, Taxpayers' Committee, American Red Cross, Visiting Nurse Association, Merrimack County Soil Conservation Program, T. B. Seal Tag Day workers and several school groups.

### **Exhibits**

A variety of exhibitions has given pleasure to adult and juvenile visitors. Pupils at Daniell Junior High School arranged stamps and covers in observance of the U. S. Postage Stamp Centennial. Mr. Earl T. MacLellan of Gerrish placed a philatelic exhibit with us. A number of "Things of Science" exhibits were shown. Vocations and careers, also house plans have had magazines and book displays creating interest and circulation. Notice has been taken of historic occasions. The annual Popular Photography Traveling Salon of 100 prints appeared at the library in June. During American Art Week in November attention was called to the work of Grandma Moses. Unusual exhibitions of the year were curios from Korea, collected and sent home by T/5 Wesley A. Paige, Jr.; curios from Japan, arranged by an ex-ser-

vice man, Maurice Laplante; and local Indian relics loaned by Mr. and Mrs. Alexis C. Proctor. An embroidered tablecloth of 1859 was loaned by Mr. and Mrs. Carl Mussey, and an oil portrait of Daniel Webster was loaned for the winter by Mr. Raymond Clifton.

### **The Schools**

The customary service to the schools has continued—reference work, the loan of books to teachers for class use, and special visits from school groups. The lack of necessary book room at Daniell Junior High has prevented the usual deposit loan of 400 or more books during the school months. The excellent cooperation of teachers and pupils at the Hancock, Nesmith and Junior High schools in the Treasure Chest project is herewith noted.

### **Treasure Chest Project**

What started out to be one chest proved to be two sent from Franklin to war devastated destinations. The children raised money to buy favorite books, prepared attractive scrapbooks on Franklin and New Hampshire and included blank scrapbooks to be prepared and returned. Wooden chests were built and gayly decorated by boys in the school woodworking shop under the direction of Mr. Elsworth Harris. By vote of the pupils these chests were sent to Norway and to the Philippines. Mr. Dunnan, Superintendent of Schools, kindly contributed books in good condition but no longer used by the local schools. The firms of E. J. Keegan & Co., C. P. Stevens Co., and Seneca G. Hoyt & Son cooperated by the contribution of hardware and paint for the chests. The pencils, crayons, erasers, rulers and paper of several kinds included in the contents of the chests were given by News and Book Shop, F. W. Woolworth Co., J. J. Newberry Co., and Towne & Robie. The chests and contents were on exhibition in the Public Service window for a week previous to shipment. Sulloway Mills packed and shipped the chests to a New York shipping center.

### **Memorial Book Shelf**

The collection of books grouped as memorial books has grown during 1947. Ten volumes have been added, and were presented by individuals or organizations in memory of relatives, friends or members. As formerly, the variety of subjects added often has a

connection with the interests of the person in whose memory the books have been given. 1947 additions have been: "Journey to the end of an era" (Hall), presented by the library staff in memory of Mr. Edward L. Welch, trustee; "Carrie Chapman Catt" (Peck), a memorial for Mrs. Willard E. Everett, was given by Mrs. Ellen E. Webster; "Flower arranging for the American home" (Taber), in memory of Mrs. Elizabeth Sanborn, "Gardening with shrubs" (Lamson) in memory of Mrs. Ellen J. Keegan, and "Dahlias" (Riley) in memory of Mrs. Mina L. Davis, were the gift of the Franklin Garden Club. Mr. E. D. Currier gave "Walt Disney's Fantasia" (Taylor) in memory of his wife, Lucy Hardy Currier. "Peter Powers, pioneer" (Nichols), from Mrs. Ellen E. Webster and Mr. E. D. Currier, was given in memory of a Peter Powers descendant, Mrs. Lizzie A. (Powers) Perkins. "Flight to everywhere" (Dmitri) was given by Mrs. Charles Willard in memory of her husband. "Flower arrangement for everyone" (Biddle) came from Mr. and Mrs. Joseph H. Barnes, in memory of Mrs. Elizabeth Sanborn. "Book of New England" (Humphrey) was given in memory of Mr. Edward G. Royder by Mrs. Edward G. Royder and family.

### **Publicity**

Annotated lists of books have been continued in the Journal-Transcript. These now appear, by invitation, on the editorial page where the column is given an illustrated heading "Book Suggestions". Staff members notice the increasing use of the suggestive list, requests being made frequently by telephone.

Early in the year a display of nature books was placed in one of the E. J. Keegan & Co. windows which the Mt. Pleasant Sportsman's Club had decorated attractively.

In connection with the observance of the library's fortieth anniversary year considerable publicity work was done with fliers carrying a cut of the library bookplate. "The Evolution of the Franklin Public Library" appeared in the local paper and was printed separately for distribution at open house on October 5.

### **Fortieth Anniversary**

Four decades in the life of a public institution are worthy of notice. Trustees and library staff held open house on Sunday afternoon, October 5th. It was a beautiful fall day and nearly

one hundred persons gathered in Library Hall to listen to a program of speaking and music. The chairman of the trustees, Rodney A. Griffin II, presided, announcing the following program:

Prayer .....	Rev. Wesley A. Paige, Trustee
Remarks .....	Mayor Henry J. Proulx
	former trustee for 5 years
"God who toucheth earth with beauty" .....	Treble Choristers
Reminiscences of a trustee .....	Walter F. Duffy
	former trustee for 38 years
Inspiration in library work .....	Edward J. Gallagher
	Trustee, Laconia Public Library
"Sweet and low" .....	Treble Choristers
The writing Cannons .....	Mrs. Cornelia J. Cannon
	Author and summer resident
Remarks by librarians .....	Miss Mildred J. Peaslee
	Mrs. Dorothy R. Starie
	Librarian 1935-43

Tour of Library

Refreshments in the Draper Room

Chief regret of the day was the fact that Mrs. Barron Shirley, librarian for 28 years, found it impossible to be present on this fortieth anniversary.

## Trustees

Mr. Walter F. Duffy found it necessary, for reasons of health, to refuse his reappointment as a trustee. His term of interested, valuable service to the library and to the community will be remembered for a long time. Mr. Duffy's benefactions have been many, for which he has disliked to take credit. It was with keen regret that the Board of Trustees accepted the resignation of its chairman after so many years of faithful service.

Pressure of duties obliged Mayor Henry J. Proulx to resign early in the year. His term of five years as trustee had been one of truly cooperative service with the Board. Mr. Donald J. Piper was appointed to complete Mr. Proulx's unexpired term.

Headmaster Edward J. Sillari was appointed to fill the vacancy caused by the death of Edward L. Welch. Later in the year, Mr. Sillari's appointment as headmaster of the Keene High School made it necessary for him to resign as trustee.

## **The Staff**

Changes have taken place this year. Mrs. Roena (Ordway) Moses, assistant for two years, resigned upon removal to Tilton. Miss Priscilla E. Atwood of Sanbornton, a graduate of the University of New Hampshire (Class of 1947), was appointed assistant November 1st.

At the beginning of the year the Board raised staff salaries two hundred dollars for each position, a much appreciated aid in the increasing cost of living.

## **Professional Contacts**

The annual meeting of the New Hampshire Library Association, held at Plymouth Teachers College June 12 and 13, was attended by the librarian. Mrs. Shepard, trustee, was present one afternoon.

In September the Authors' Tea at the Laconia Tavern, sponsored each year by Mr. and Mrs. Edward J. Gallagher of the Laconia Evening Citizen, was attended by Mrs. Shepard, Mrs. Eddy and Mr. Paige, trustees, and the librarian. It was a pleasant and unusual opportunity to see and hear the people who write our books.

The librarian provided a program on garden books and magazines at a spring meeting of the Franklin Garden Club.

## **Gifts**

An outstanding gift of the year was the framed picture of the 19 Gold Star men of Franklin, given by Mr. Walter F. Duffy, former trustee. His generosity also provided a print of the framed picture for each Gold Star family. The color handwork of Mr. E. D. Currier on the background of the framed picture deserved and has received much favorable comment.

Mrs. Alice M. Shepard, trustee, presented a 23 year file of the Youth's Companion, for many years a magazine popular with readers of all ages. To complete the gift Mrs. Shepard provided suitable binders to protect the file.

Mrs. Arthur C. Sanderson presented two glass cases of native birds beautifully mounted by her late husband. This gift has attracted considerable attention from both children and adults.

Mr. Arthur L. Newton, blinded ex-service man, has given the library several volumes printed in Braille.

Miss Britta Karlberg, who visited Sweden during the year, brought back to the library two beautifully bound books published in Sweden.

Mr. Jere Daniell has given a number of Spanish and French books for the foreign collection; Miss Miriam Price contributed a group of Book Club editions; Mrs. Dana Fellows brought as a gift three excellent photographs of Central street in earlier days; Miss Blanche J. Fellows and Mrs. Wesley A. Paige have contributed several valuable music books; and Editor David Carroll of "Yarns 'N Socks" is kindly providing the library with a complete file of the Sulloway Mills news sheet.

Mrs. Martha F. Palmer and Mrs. George S. French have generously given books, pamphlets and scrapbooks from the Flanders and French estates.

A gift of historical interest came from the Abigail Webster Chapter, D. A. R. It consisted of the chains and pins used by James Clark, Esq., in measuring the bounds of Franklin and surrounding villages more than a century ago; also his well-kept journal recording his business transactions of fifty years, beginning in 1810.

Mr. Walter J. Richardson sent in two old tickets of the Mount Washington Railway in 1875. There is always local interest in anything connected with the early days of that railroad because of the close connection of the Aiken family with its beginning and operation.

The woodworking shop at high school has remodeled an unused pedestal into a useful reading desk for platform use in Library Hall.

An out-of-the-ordinary flower gift was that of colorful anthurium flown from Honolulu in 48 hours to Miss Gertrude Hall of Tilton. She shared them with Miss Mary F. Davis who gave them to the library where they created a great deal of interest locally and elsewhere, as a picture of them appeared in the Morning Union.

Two authors presented the library with their own works, the late Hubert Lyman Clark giving his book on the fauna of Australia and Major Richard F. Pohle giving a copy of his "Industrial production illustration".

Relatives and friends of former trustees have been most kind in presenting pictures for the Album of Trustees.

A good number of magazine subscriptions or complete gift files were received from local donors: "Among the deep sea fishers" from the Baptist Women's Missionary Society; "Commonweal" from Francis Burke; "Fortune" from Richard F. Pohle; "Humane Review" from Mrs. Frances M. Carter; "Magnificat", the gift of Mrs. Bertha Cross; "Musical America" from Carl H. Prescott; "Nation's Business" presented by Atherton Frost; "The Rotarian" from the Franklin Rotary Club; "Saturday Evening Post" given by Mrs. Henry T. Blake; "Textile Review", the gift of Peter P. Charland; "The Union Signal" from the local W. C. T. U.; "U. S. Naval Institute Proceedings" from Eugene S. Daniell, Sr.; also "United States News" and "World Report", both the gift of Mary F. Davis.

Many gifts of occasional books and many duplicate magazines have come from local donors whose donations aid the library in keeping library material in fresher condition by the replacement of much-worn copies.

Now, at the close of this fortieth year of the Franklin Public Library's existence, we can look backward and recognize the truth of an expression of appreciation that Rotary International has been interested to publish:

"No longer may the public library be classed as a luxury for the benefit of privileged communities. The broadening of the problems of modern existence has developed a demand for information and enlightenment which has made the public library an indispensable institution. Vastly more than a mere collection of books, the library is a vital force from which emanates an influence for the uplift and progress of civilization."—Rotary International Broadside.

Such confidence as this expression gives to library workers will encourage those in the profession to keep on with the good work which they have hoped they were doing. With an eye to the future, librarians can look ahead with the anticipation that greater opportunities for better service may come their way. The small staff of the Franklin Public Library is proud to be connected with work receiving the commendation that has been expressed by an organization such as the one quoted.

Respectfully submitted,

MILDRED J. PEASLEE,

Librarian.

# Visiting Nurse Association Report

1946-1947

---

President	Mrs. Joseph H. Barnes
Vice President	Mrs. Paul Watts
Secretary	Mrs. Clarence B. Fielden
Treasurer	Mrs. John C. Holmes
Medical Adviser	Dr. Robert O. Beaudet

## Directors 1946

Miss Lois A. Bliss	Mrs. George Lacoursiere
Mrs. Robert W. Taylor	Mrs. R. W. Sulloway

## Directors 1947

Miss Lois A. Bliss	Mrs. Arthur Farnsworth
Mrs. Horace Morrisette	Mrs. Robert W. Taylor
Visiting Nurse	Mrs. Caroline W. Dorman
Vacation Relief Nurse 1946	Mrs. Winifred Carter
Vacation Relief Nurse 1947	Miss Martha Ghen
Association Membership 1946, 40; 1947, 87	

## Honorary Members

Mrs. Olin J. Kelley	Mrs. R. W. Sulloway
---------------------	---------------------

## Meetings

20 Regular Executive Committee meetings.

Three Special Executive Committee meetings: With Miss La-Fretz, Territorial Superintendent of the Metropolitan Life Insurance Co. With Mayor Proulx to discuss the desirability of having a trained Public Health Nurse. With Mrs. Farnsworth to wrap Christmas packages for distribution by Mrs. Dorman. (94 gifts in 1946, 129 gifts in 1947)

Six Association meetings open to the public:

Jan. 14, 1946. Dr. Ursula Sanders, Member of Staff of State Hospital. Subject: "Mental Hygiene".

April 8, 1946. Miss Esther M. Finley, R. N., Senior Assistant Nursing Officer of U. S. Public Health Service. Subject: "Progress of the Public Health Program".

Jan. 13, 1947. Miss Louise Sexton, R. N., Sight Conservation Consultant of N. H. Department of Public Health. Subject: "The Care of the Eyes".

April 28, 1947. Miss Sophie Nelson, R. N., Director of Nursing for the John Hancock Insurance Co. Subject: "Problems and Solutions of a Public Health Nurse".

Oct. 8, 1947. Dr. Anna L. Philbrook, Director, N. H. State Hospital Mental Hygiene and Child Guidance Clinic. Subject: "Child Guidance".

Jan. 12, 1948. Dr. H. Shirley Dwyer, Dental Director of N. H. State Board of Health. Subject: "Mobile Dental Clinic".

Mrs. Dorman's reports of her last two years' activity have been published in the Journal-Transcript, also details of the two annual Rummage Sales that netted \$749.25 for the Special Fund that is being built up for emergencies.

The Executive Committee has seen that the Association car has been kept in good repair and has had it painted, equipped with two new tires, new clutch, seat covers and First Aid kit. A new electric heater has been purchased for the nurse's office and a new standard bag in which Mrs. Dorman carries articles needed on her house calls. Association stationery, information cards and membership request cards have been printed and used when needed. Whenever Mrs. Dorman has wished to attend an out of town or out of state meeting that would be of benefit to her in carrying on her work, the Executive Committee has arranged for her to go and has paid her expenses at the longer meetings.

Public Health Week has been appropriately observed in 1946 and 1947 with special newspaper articles, photographs and window displays.

There has been some agitation for several years to contact an interested and efficient trained Public Health Nurse for Franklin. Public Health Nurses have been very scarce throughout the country but one appeared, who for personal reasons wished to locate in this vicinity. At the December meeting of the Executive Committee it was voted to send this person an application blank to be filled out and returned in time to be voted upon by the incoming Executive Committee at its first meeting.

During the past two years I have been able to attend all of the 29 meetings; it has been a privilege to be the head of the Visiting Nurse Association of Franklin, which should be considered the city's outstanding organization because its services are available to every person in the community and it is constantly safeguarding health. My contribution has been small but my gain in knowledge has been great; I hope that the Association will continue to function, more and more efficiently, just as long as there is human need.

MRS. JOSEPH H. BARNES,  
President.

## TREASURER'S REPORT

### Regular Fund

December 31st, 1946 Cash Balance ..... \$1,551.68

#### Receipts

MARGUERITE E. HOLMES,

Treasurer.

Note: 1946 Treasurer's Report was published in last year's City Report.

### AUDITOR'S REPORT

January 27, 1948

Visiting Nurse Association  
Franklin, N. H.

This is to certify that we have examined the records of the Visiting Nurse Association of Franklin, N. H., for the year 1945, 1946, 1947, finding the total of receipts correct as entered, and the payments supported by proper checks and vouchers.

We have also checked the annual reports and find them to be in agreement with the book records.

We consider the books in excellent condition.

Prince & Stebbins  
(Signed) Mr. Stebbins

## ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

My third annual report as your Superintendent of Schools is hereby respectfully submitted. Schools everywhere are beset by many problems created through the increase of enrollment, the decreased purchasing power of the dollar and the continuing lack of qualified teachers that make for problems when replacements are necessary. Franklin citizens and the Franklin School Board have shown an increasing interest and no little concern as to the effect of this situation upon the schools of Franklin. Since last year, an active Parent-Teacher Association, having better than three hundred persons enrolled, has taken positive action that should help to inform the community and provide the financial support necessary if the school program is to hold its own rather than retrogress.

The success of any school system, as of any business, depends upon the constant upgrading of those employed. It is desirable that replacements be kept at a minimum unless it is clearly evident that staff improvement will be brought about through replacement. While it is apparent that Franklin is going to necessarily lose some of its good teachers because of the community's inability to meet the salary schedules of larger cities, a sound salary policy that provides compensation adequate to the needs of those employed, that meets the level of payments of communities of comparable size and that provides a definite program of increments on which the teachers may depend, is an invaluable aid in building a professional group devoted to the cause of public education and loyal to the community and school system employing them. Because of circumstances beyond the control of the local school board, it has not been possible to establish such a policy in Franklin.

The following changes have taken place in our High School faculty since last year:

Mr. Edward Sillari, Headmaster of Franklin High School, resigned in August to accept a more responsible and higher-paying position as headmaster of Keene High School. All who knew of Mr. Sillari's effective work as the educational leader of our secondary school regretted his decision. Mr. Joseph Cashman, who had ably served as sub-master of Franklin High School since 1942 and as acting headmaster during two and one half years that Mr. Sillari was in the Navy, was elected headmaster. In an effort to cooperate with the City Council's expressed wish that every possible economy in regard to the school's financing be carried out, it was decided not to fill the position as boys' physical education instructor at the High School when Mr. G. Colby Barker resigned to accept a position at New England College. Mr. Gerald Boicourt resigned to accept a more remunerative position in Newton, Massachusetts, and his position was filled through the election of Mr. Ray Franklin, a graduate of the University of Notre Dame in the Class of 1947. Miss Marion Brooks, French teacher at the High School, left the profession to be married, and her position was filled through the return to the High School of Mrs. Irene Kidder who had been teaching at the Hancock School in the fifth grade. Miss Bettina Dalton accepted a position in Pittsfield High School, and her position was filled through the employment of Mrs. Dorothy Griggs Perrino, who has many years' experience as a teacher of social studies. Mrs. Perrino is a graduate of Bates College with a Master's Degree from the University of New Hampshire. Coach Richard Eustis resigned to accept a position as teacher and coach at Exeter High School. Mr. Antonio Zullo, a graduate of Tuft's College, was elected to fill the position. Mr. Robert Turnbull retired from the teaching profession because of illness, and after many months of seeking a qualified teacher for the machine shop course, Mr. John Taylor, a graduate of Franklin High School with twelve years industrial experience, was selected. The Superintendent and School Board were deeply grateful to Mr. Fred Elliott, local Ford dealer, who left his business for a number of months in order to assist the school in keeping the machine shop program in operation.

In the Junior High School, Mrs. Eugenia Carroll left the profession, and her position as social studies teacher was filled through the appointment of Mr. Earl Harris, who was employed in the schools of Franklin prior to the war. Miss Elizabeth Fraser, a 1947 graduate of Plymouth Teachers College and a

graduate of Franklin High School in the Class of 1943, took the place of Mrs. Alberta Cummings as teacher of seventh and eighth grade English. Mrs. Lillian Davidson resigned to accept a position in the public schools of Andover, New Hampshire, and her place was filled through the election of Mr. Edward Connor, a graduate of the University of New Hampshire in the Class of 1947 and Franklin High School in 1938. Mr. Connor has helped considerably in establishing the physical education and athletic program in the Junior High School. The Junior High School football team under Mr. Connor's direction had a most successful season. Mr. Ernest Higgins, for many years teacher of ninth grade English in the Junior High School, resigned just before school opened in September. After many months of seeking a permanent replacement for this position, Miss Jean Van de Bogart of Concord, a 1944 graduate of the University of New Hampshire with a Master's Degree from the University of Pennsylvania, was selected for the position.

Fortunately, the turnover in our elementary schools is not as great as that in the High School and Junior High School. Mr. Richard Piper, a graduate of Franklin High School who has attended M. I. T. and the University of New Hampshire, was selected as teacher of the fifth grade at the Hancock School to replace Mrs. Irene Kidder, who had moved to the High School. Mrs. Grace Colby, an experienced teacher of elementary schools and a graduate of Plymouth Teachers College, took Mrs. Frances Smith's place as teacher of the second grade at the Hancock School.

Because of the increased enrollment at the Nesmith School, it was necessary that an additional first grade classroom be opened. Mrs. Maurice Ford of Danbury, an experienced elementary teacher and a graduate of Keene Normal School, was selected for this position.

The kindergarten enrollment at the Hancock School was nearly double that of any previous year, and it was necessary that two sessions of kindergarten be held, requiring the full-time services of Miss Frances Pierce at that building. Mrs. Rita Seamans was employed as kindergarten teacher at the Nesmith School.

Present teacher assignments and grade enrollments are given elsewhere in this report.

Miss Marion Wells, Director of Cafeterias, resigned in June, and Mrs. Ruth Gilman of Franklin was elected to fill her position.

## **Pupil Population:**

In September the opening enrollment in the schools was 984. This is the largest opening enrollment since 1942. It is evident that the increased birth rate in the early 1940's will have its effect upon the elementary schools in the next few years. The birth rate in 1946 and 1947 was even higher and plans must be made in the near future for additional housing of pupils. Three additional teachers will have to be employed for September of this year in order to accommodate the pupils who will report for kindergarten and first grade. By some re-arrangement of classes and present available spaces, it will be possible to accommodate pupils for another year. Plans should be made for the accommodation of approximately one hundred and fifty additional pupils by the fall of 1949 or 1950 at the latest. The most desirable solution would appear to be the addition of another wing on the present high school building. The building is designed for a west wing and the heating plant is sufficient to carry the additional load.

As employment opportunities become less readily available, pupils will remain in school beyond the present compulsory sixteen years. We will need to make accommodations for these people in our school program.

It is evident from reports that the Headmaster has received from higher institutions in this and other states that those of our pupils who go on to college from Franklin High School are having much better than average success, many of our graduates achieving honor grades in their college work. A very small percentage of our people attend any other institution after graduation, and we need to be increasingly concerned as to their preparation for a life of useful citizenship.

Under the able direction of our school nurse, Miss Marion Moynihan, the health of pupils in attendance at the Franklin schools has been maintained at a high level. The School Lunch Program has contributed to the physical well-being of the pupils, and the various clinics conducted under Miss Moynihan's auspices have been uniformly successful. Franklin is fortunate in having one of the outstanding school nurses in the State.

Many pupils have difficulty in making the adjustment from the grade school, in which classes are held under the direction of one teacher, to the Junior High School, in which departmentalized instruction is carried out in grades 7, 8 and 9. There would

seem to be some merit in giving consideration to a plan that has operated successfully in other communities, in which pupils are gradually introduced to departmentalized instruction. Under this plan, 7th grade pupils would have the same teacher for English and social studies and another teacher for mathematics and science.

The expansion of the activities in intramural athletics in the Junior High School has filled a real need in the Junior High School Program. Further extension of the program upward to the high school and down through the elementary grades, so that pupils in grades 4, 5, and 6 might have larger opportunity for physical development through directed physical education activities, would prove advantageous.

It is much to be hoped that the activities of the Parent-Teacher Association and other interested groups will find a solution to the problem of directed recreation for school pupils during out-of-school hours. The worth of such programs has been demonstrated in the neighboring community of Bristol, and our children deserve planned recreational opportunity. A summer recreation program would be worth many times the money necessary to establish it.

#### **Textbooks, Supplies and Maintenance:**

Operational supplies have more than doubled in cost in the last six years, and in the last year alone increased from 35 to 40%. During the war years, it was not possible to obtain many operational items. Textbooks were printed in limited numbers, except for those used by the armed forces. The normal replacement program in the schools could not be carried out. We have a resulting backlog of needs in textbooks and other instructional supplies that should be filled.

The normal maintenance program had to be neglected during the war with the result that many thousands of dollars need be expended if our schools are to be put in first-class physical repair. The School Board's modest request for \$3,000 was reduced to \$1,500 by the City Council last year. How long can the schools be kept in a condition that will reflect credit to the community if year after year the buildings are allowed to deteriorate?

### **Transportation:**

The increased enrollment has created problems of transportation, and if the safety and well-being of the pupils attending the Franklin schools is given first consideration, additional transportation will have to be provided. Many school districts have found it economical and fully satisfactory to have district-owned school buses. If the cooperation of the Highway or Fire Department might be obtained in providing drivers, it would seem advisable for Franklin to institute such a program through the purchase of one bus for September, 1948.

### **Recommendations:**

1. That a definite plan be instituted for the full inauguration of the salary schedule as soon as possible and that the School Board and City Council make definite commitments in this regard.
2. That a committee be established to consider what should be done to provide additional housing for the school children of Franklin.
3. That an Art Supervisor for the development of a program in art instruction in the schools of Franklin be employed for September.
4. That additional personnel be provided in the High School in order that the programs in guidance and visual education that were curtailed last year be re-introduced next September.
5. That the School District undertake to purchase one school bus this year and that as finances permit, additional buses be acquired for School Department operation.
6. That a program in physical education for boys in the High School be reinstituted and that provision be made for personnel to provide physical instruction in the elementary schools.
7. That provision be made for remedial instruction in grades 7, 8 and 9 to provide special help for pupils having difficulty on that level.

While it may not be possible for the city to carry out all of the foregoing recommendations within the year, it does seem necessary that the needs of the schools be stated with no equivocation.

I hope that the people of the community fully appreciate the splendid service being rendered by the Franklin School Board. The Board gives unselfishly of time and energy to further the well-being of the children attending the Franklin schools. Every problem is carefully considered and every decision is reached only after giving foremost consideration as to what is best for our children. It is a pleasure to work with the Franklin School Board, teachers and other school personnel of Franklin who are cooperative and friendly and give to the youth of this city educational leadership of which the community may well be proud. Franklin has good schools, and it is the obligation of every citizen to see, not only that they are maintained at the present level, but that constant improvement is brought about.

Respectfully submitted,

DONALD W. DUNNAN,

Superintendent of Schools

## BUDGET SUMMARY

### Expenditures

## FRANKLIN HIGH SCHOOL HEADMASTER'S REPORT

February 1, 1948

Mr. Donald W. Dunnan

Superintendent of Schools

Franklin, New Hampshire

Dear Mr. Dunnan:

The enrollment in Franklin High School has increased again this year. As of January 1, 1947, it was 261; and as of January 1, 1948, it is 288. The breakdown of the enrollment is as follows:

	Girls	Boys	Total
Seniors .....	51	35	86
Juniors .....	30	62	92
Sophomores .....	61	49	110
	---	---	---
Total .....	142	146	288

From September 3, 1947, to January 1, 1948, we had 17 pupils drop out of school for the following reasons: 8 transferred to another school, 2 joined the Navy, 2 left to accept employment, and 5 left for lack of interest.

This trend in enrollment is bound to continue for several years because grade enrollment is also showing an increase. Since our vocational facilities are now being used at full capacity, serious consideration needs to be given to enlarging this department in the near future.

The new time schedule, in use in both the Senior and Junior High Schools, (five one hour periods per day) has not worked out well in all areas. In the Mechanic Arts, Domestic Science, and Science laboratory courses the amount of time available is not enough. In all of these courses time has to be allowed to set up and take down equipment. This cuts down on actual working time. It is impossible to schedule music activities without taking pupils away from regularly scheduled classes. Activities also have to be scheduled by cutting in on regular class time. For the same reason, there have been very few assembly programs. In English, Language, and Social Studies classes the one hour period has proven very desirable. There is time available under this schedule for supervised study in the regular classroom. In view of our experience with this time schedule to date, I do not recommend its use next year.

Two new courses were introduced this year. They are: 1. World History, a combination of History of Civilization and Modern European History. 2. Problems of American Democracy, a combination of Sociology and Economics. In both cases, I feel that a great improvement in program has been made. I recommend that they be continued.

Our activities program appeals to a large percentage of the student body. It is designed to develop leadership and encourage cooperation in areas of special interest. There are very few pupils who do not take an active part in one or more of the activities mentioned below.

On Wednesdays we have an activities period for meetings of Girls Glee Club, Newspaper Club, Dramatics Club, Ski Club, Hunting and Fishing Club, Camera Club, and the Sports Club. The Band, Boys Glee Club, Commercial Club, Student Council, and class meetings take place during school hours on other days of the week. The French Club, Swing Club, Hi-Y Club, Square Dance Club, and Year Book Staff conduct most of their activity outside of regular school hours. It would appear that there are too many activities for a school the size of ours. However, most of these clubs are made up of small groups and many pupils have the opportunity of taking responsibility. Every member of the faculty is taking an active part in carrying on this program. It would not be possible without their wholehearted cooperation.

The discontinuance of the Guidance Program and Boys Physical Education Program, and the curtailing of the Audio-Visual Program dealt a serious blow to educational progress in Franklin. To us, who have worked for years getting these programs in successful operation, it is false economy. Medical statistics, compiled as men were being inducted into the armed services, show definitely that a large percentage of the defects could have been corrected or improved by physical and dental examinations followed by proper physical training and health education. I believe that health and physical education are essential to our educational program.

The Audio-Visual program is designed to make teaching more efficient and effective. Experiments have proven that at least 85% of learning takes place through the use of the eyes and another 10% through the ears. Carefully prepared films, film strips, recordings, and radio programs, properly used, improve instruction because they are designed to give correct and lasting impressions through these organs. We need a new 16mm sound

projector and sufficient funds to defray film expenses. A member of the faculty should be appointed director of this program and allowed sufficient time for carrying it out.

The purpose of a Guidance Program is to provide the information and personnel for intelligently studying and counseling each child as an individual. Our program was so organized that tests were given in the eighth grade to measure educational ability and achievement in fundamentals processes. The results were used as a guide for choosing the high school program. It also pointed out correctable weaknesses. This was followed in the Junior year with the Vocational Battery. These results, coupled with the academic record and personal record, enabled the counselor to help the child either to choose a vocation or at least to know his aptitude for certain vocations. The value of such a program to our total program cannot be over emphasized. I recommend that the tests mentioned be given as soon as possible and that for the next school year an additional faculty member be secured whose responsibility it is to develop and improve the program.

The increasing interest on the part of many residents of Franklin in the need for an Art Instructor is gratifying. Our need for such instruction is great, not only for developing latent talent, but for developing an appreciation and understanding of all things pertaining to Art.

An increasing number of our high school students obtain driving licenses as soon as they reach the legal age, and all are potential drivers. Statistics on highway accidents continue to show the need for training in the handling of a car as well as a knowledge of its operation. Now that it is possible to offer instruction in the operation of a car, as well as studying its operation and the traffic laws, a course in Driver Education can do a great deal for highway safety and the protection of individual life and property. Serious consideration should be given to including this course in the curriculum for next year.

The administration of a school the size of Franklin High School can be strengthened by the appointment of a member of the faculty as submaster. There are very many situations in the daily functioning of the organization where this authority is valuable. In case of absence of the Headmaster there is a definite delegation of responsibility. If a submaster is appointed, the teaching load of this person should be adjusted so that time is available for handling the work required.

In conclusion I wish to say that the people of Franklin can be justly proud of their school. The small number of our graduates attending college are meeting with better than average success. Graduates of our Vocational Courses have a skill which enables them to find employment. Our success in the future will depend on our ability to meet the needs of pupils as individuals. We must be constantly alert to these needs and provide the facilities and personnel for meeting them. The soundest investment that can be made to insure continued progress of the city of Franklin is in the Education of its youth of today.

I wish to extend to you, to the school board, to the teachers, and to the pupils of Franklin High School my sincere appreciation for your wholehearted cooperation and sincere effort to make Franklin High School one of the leading schools of the state.

Very truly yours,

JOSEPH J. CASHMAN,

Headmaster

**DANIELL JUNIOR HIGH SCHOOL  
PRINCIPAL'S REPORT**

Mr. Donald W. Dunnan  
Superintendent of Schools  
Franklin, New Hampshire

Dear Mr. Dunnan,

This is the twenty-fourth annual report submitted to the school department concerning the achievements, the needs, and the purposes of the junior high school.

Thus far, the attitude of readers must have been one of indifference because practically no suggestions made for the general growth and improvement of our school have been acted upon. We have reached the place now when there must be an exorbitant expenditure of money for adequate staff, building repairs, equipment, and increased curricula opportunities.

The Junior High School was built in 1923 and for those early years only; no provision was made nor has been made for future growth. No major repairs have been made; no new furnishings have been purchased and for two years our number of teachers has been one less than we need.

No business is carried on to an advantage unless its physical plant, methods, operative force, and opportunity to branch out constructively grow along with the changes which come so rapidly in this swift moving age. Neither can our school function as efficiently as you have a right to expect unless we are provided with tools equal to the occasion.

We feel justified in saying that in spite of our lacks all along the years we have used what was at hand to an advantage to all boys and girls who have been in our groups and we do mean something vital to this community. We speak this way to invite the interest of many who have been a part of this school who are now participating in civic affairs and who would regret any change in a 6-3-3 system.

Keeping in mind the pupil as the center and soul of our educational program let us consider problems that affect him primarily, factors that can readily influence his entire pattern of living:

(1) For three years we were able to have the lip-reading specialist, Mrs. Hammond, meet every week with groups from all schools. Because of her exceptional work many of Franklin's boys and girls will occupy positions, vocational and social, from which they would have been barred otherwise because of deafness. This year the budget didn't provide for this so fifteen or twenty pupils are losing their rightful heritage through civic negligence.

(2) A beginning was made on an all-over audio-visual program which was exceedingly valuable to this middle group of pupils at Junior High. Every subject was supplemented by movies which gave non-readers an opportunity to learn through their eyes and ears.

The budget did not provide for this valuable asset this year so pupils' learning aids plus a year's effort to launch the program have been left hanging in mid-air.

(3) For years we worked to get a print shop established that one more pupil-interest might be developed which could prove a worthy use of leisure or lead to a vocation.

We have three small presses, an assortment of type sufficient for simple and ordinary work but we do not have a suitable room and no instructor. Our tools are useless. Ordinarily some teacher can spend part time there, but we lack one teacher so every teacher is too heavily loaded to carry on extra subjects.

(4) The changing of our daily time table to five periods of sixty minutes each from seven periods of 45 minutes each hasn't been entirely successful from several angles. We have noted the following:

- (a) seventh grades find the hour too long even if it is divided into half-hour periods with a change of position between recitation and study.
- (b) home-work has not been reduced as the hour period should warrant.

- (c) for sewing, shop, and science the hour period is an advantage.
- (d) all activities,—music, band, phys. ed., assemblies, and clubs have had to be either eliminated or taken during a class period.
- (e) the teaching load is too heavy, for many are teaching 23-25 periods out of 25 periods per week.
- (f) the noon hour is too short even if pupils and teachers avail themselves of the excellent lunches served by cafeteria.

(5) The cost of the textbooks we need to bring our regular curricula requirements anywhere near up-to-date is a question that should be carefully considered.

When Dr. Fuller, Commissioner of Education, states that New Hampshire's schools are 50 years behind the times he must have had Franklin in mind.

Every class needs to be newly equipped with civics, literature, grammar, geography, and science texts: spellers, and dictionaries because books in all these classes are outmoded by fifteen years.

If you will take the time to read our junior high school annual reports you will note that every year three recommendations have been made:

(a) A special room or suite of rooms where pupils not suited to textbook instruction might receive training along those lines in which they have natural and outstanding abilities. Lack of money to provide a properly trained teacher keeps these pupils from having what they have every right to expect from their schools.

(b) Regular and practical instruction in Art is a vital need. Not that we expect to give to the world a Titian or Rembrandt but we can give all pupils a consciousness of beauty in every day things;—their homes, their clothing and their living may be built according to the principles of color, light, and happiness. Everyone desires the beautiful in some way.

(c) A teacher qualified to teach classes in remedial work is really a "must". (See Supt. Dunnan's report.)

Because the Junior High School was not planned for these present years, our physical plant is in deplorable condition. Our needs are legion and are stated clearly in Supt. Dunnan's report. Our rooms need redecorating, all windows need tightening, new ropes and new curtains. Our furniture is most inadequate. The Home Economics Department needs an entire overhauling, for linoleum floor covering, aluminum dishes and gas stoves deteriorate during 25 years of hard usage.

During the last year the heating of our building from the high school heating plant has been most unsatisfactory. Again we would recommend a system for our own building as an economical and more efficient plan of heating. This would allow us the use of the gymnasium during winter months for assemblies, intramural contests, parties and club meetings. For two years pupils have been deprived of these privileges.

We have reached the time when we need a new piano for our gymnasium as our present one is beyond repair.

The lighting in the Junior High School is insufficient in every room and of no use in either of the halls. Fluorescent lights all over the building would lessen constant eye-strain and would doubtless increase the quality of work being done by pupils.

We recommend having all athletics in Junior High School carried on on intramural basis that we may train players for three years for varsity players. Our pupils are too young to commercialize upon their games and too few have the opportunity to engage in these sports when teams are allowed to play outside their school.

Changes in our staff have been too many during the past year and that has an unfavorable reaction on all classes and their work.

Again we publicly express appreciation and gratitude to Mr. Sidney Holmes for his interest in, and patience with our pupil personnel. We feel him to be one of us, for he teaches boys and girls along the lines of their native interests more than many of us can do in the class room.

To Supt. Dunnan, and the School Board, may I express our appreciation for your helpfulness, and to teachers I hereby express deep gratitude for the loyalty to, understanding of, and efficient work with pupils of the Junior High School during this year.

It takes 100 percent cooperation of homes, schools, and churches to build men and women of strong character, endowed with wisdom, with tolerance and with a real working knowledge of the Golden Rule. Let us meet together the challenge of 1948.

Respectfully submitted,

BESSIE C. ROWELL,

Principal.

---

### REPORT OF SCHOOL NURSE

Franklin, N. H., January 1, 1948

Mr. Donald W. Dunnan  
Superintendent of Schools  
Franklin, New Hampshire  
Dear Mr. Dunnan:

Each year nearly two and one quarter million bright eyed boys and girls come to the doors of the schools of this country to begin a new phase of their experiences. Generally speaking, these are normal boys and girls. They come from good, average, and poor families, and in so far as their parents have the ability and desire to help them, these children are well developed physically, mentally, and socially.

The foundation of the present health of these children began with their hereditary potentialities and has developed from there through the first five years after birth. If all has gone well, the child who enters school in optimum health has a straight strong body, free from infections. His color is pink, his skin smooth and his muscles firm. He is full of a zest for living, is active and usually somewhat noisy. He likes his meals and is rested after twelve hours of sleep. More specifically, if a boy, he will be from 40.7 to 45.5 inches in height and weigh from 35 to 38 pounds. If a girl, she will measure 39 to 45.7 inches and weigh 34.5 to 37.5 pounds.

Unfortunately, only a part of the two and one quarter million children will measure up to their norms. While 95 per cent of them were born normal, healthy, something will have happened to them during the first five years of life. The child who starts school with potential health difficulties is handicapped from the beginning. Studies concerning the relation to intelligence to physical development have shown that gifted children come predominantly from families who have superior intellectual ability and slightly superior physical endowment. They have also shown that high I. Q. ratings which foretell ability may not produce superior accomplishments unless the individual has the desire and physical zeal which drive him toward a started goal.

The children who enter school with a susceptibility to colds, due to infected tonsils, improper health habits, or poor nutritional development, will, on the average, miss more school than is lost by his fellow classmates. By losing excessive time from school, a child fails to make the social adjustments his classmates are making, besides losing the educational advances necessary to maintain his proper status in the group. In simpler words, he cannot keep up with the group, which is a discouraging and frustrating experience. When members of the family are overly anxious to have their child rank well in school, they begin to add extra school work to home duties, often at times when the child is physically in need of rest rather than activity. This is shown by the number of parents who request that textbooks and daily assignments be sent home to ill children.

The common cold presents a special problem. A communicable disease, its etiology is still unknown. A mild disease, its vague symptomatology initiates the early manifestations of many serious diseases. There is no acceptably proved method of preventing or treating colds. It is the consensus, however, that rest in bed during the early stage may minimize the duration and severity of a cold. The school should encourage parents to keep pupils at home and in bed for one to two days when they exhibit genuine signs and symptoms of a beginning or severe cold. If the cold turns out to be a more serious disease, the early isolation and bed-rest will have been an extremely valuable preventive measure. Secondly, the school should send home from school, pupils with beginning and severe colds. Lastly, the school should educate and encourage parents to observe children closely before sending them to school.

Diphtheria, once a serious menace, is now less dangerous because of immunization against the disease as well as the comparative ease of accurate diagnosis and the availability of highly effective curative treatment. In the case of diphtheria, we have a test for immunity that is lacking for most other diseases. Prevention is accomplished by injection of a preparation known as toxoid. Children should be protected in the first year of life, but those who enter kindergarten or higher grades unprotected had better be protected late than not at all. A toxoid clinic sponsored by the Franklin School Health Department and the Franklin Visiting Nurse's Association was held April 29, 1947 and May 27, 1947 with 74 school children receiving two doses of toxoid.

Tuberculosis is a communicable disease that can be transmitted from person to person in the classroom or elsewhere. The discovery of tuberculosis no longer depends on the observation of symptoms. It is true that the tuberculous person first manifests quick fatiguability, loss of weight, digestive disturbances, persistent cough and slight fever, but even these symptoms, once designated as early signs, are now known to appear only when the disease has already made considerable progress. Recognition of tuberculosis in the modern manner depends upon more precise methods, namely, the tuberculin test and X-ray. The tuberculin test is a test of sensitivity. It elicits a reaction from tissues sensitized to tuberculin by previous infection with tuberculosis somewhere in that individual's body. The test is no indication as to the activity of the disease. It merely proves when positive, that the patient has been infected once. Whether or not the infection resulted in active disease and whether or not the disease remains at the time of tuberculin testing are matters for further investigation. There are four forms of tuberculin testing. The Morno test, the Van Pirquet test, the Mentoux test and the Patch test, which is a more recent development of the Morno test.

A Tuberculin Patch test clinic was held March 14, 1947 and March 31, 1947. Pupils in grades, I, III, V, VII, IX, XI and XII were given the opportunity of receiving this test and it is my ambition that a similar Patch test clinic will be held in 1948 for all pupils who did not receive the test in 1947. In our 1947 Patch test clinic 671 pupils were tested with 87 children showing a positive reaction. The New Hampshire Tuberculosis Association X-ray equipment was set up in the Senior High School and all positive reactors were X-rayed. All showed marked hilus glands. Up to the present time we have not found an active case of tuberculosis among our school children.

A chest clinic sponsored by the New Hampshire Tuberculosis Association was held March 24, 1947. At the clinic 49 children were examined by Dr. Robert Kerr of Manchester, N. H. and 24 were X-rayed. A careful check is made on all children showing a positive reaction to the Patch Skin Test.

The Franklin Chapter of the American Red Cross is furnishing milk to 61 children and hot lunches to 38 children daily. This project was started March 10, 1947 and is has been gratifying to see the results and how much the children enjoy their hot lunches. Every child should have a thorough test of visual acuity before going to school for any defect of vision can retard even a bright child. The following are a few symptoms which may lead one to suspect faulty vision: continuous blinking and frowning, frequent brushing of the eyes with the hands, holding objects close to the face to examine them, emotional upsets without apparent cause, a strained expression when trying to see distant objects, frequent headaches or nausea and inflamed watery eyes. The Snellen visual acuity test was administered by the nurse to 1,650 children.

All pupils in the third grades, all new pupils in our school system and all pupils who fail to pass the hearing test last year were given the 4-a Audiometer Test in October 1947.

The dental inspection of the Senior and Junior High Schools was conducted by Miss Helena Van Koert, a dental hygienist. It has been interesting to see the results of these examinations. Many pupils have secured complete dental care.

The Franklin Rotary Club sponsored their annual tonsil clinic in June, 1947 with 15 school children being cared for at that time.

The physiotherapy center at the Junior High School was conducted twice a month with Miss Mary Bullock, physiotherapist, of the State Board of Health in charge. Twenty children from the Franklin schools have received supervision for defects such as: flat feet, poor posture, and other orthopedic defects. The schools alone cannot enable children to attain all the desirable goals of individual and community health.

Considering the magnitude and multitude of the diverse and continuing efforts that must be made to satisfy the health needs of children, it is fortunate that many people and groups, in addition to schools, are also greatly interested in promoting health.

Parents have the primary responsibility for the health of their children. Physicians, dentists, nurses, health officers, social and welfare workers and their official organizations such as medical, dental, and nursing societies, as well as voluntary health agencies are rightfully concerned with health activities in their communities. Co-operation is the keynote essential to the success of the efforts of all concerned with child health. Only in this way can schools and communities develop balanced programs of health education and health care.

I wish to express my sincere gratitude to the Directors of the Tobie Trust Fund, Franklin Rotary Club, the Franklin Chapter of the American Red Cross, the American Red Cross Motor Corps, school administrators, teachers, parents and pupils for their wholehearted co-operation during the past year.

Respectfully submitted,

MARION M. MOYNIHAN, R. N.

---

## REPORT OF THE CAFETERIA DIRECTOR

Dear Mr. Dunnan:

For the first two months of school, noon lunches were served from two central kitchens, one at High School and one at the Hancock. On Nov. first, thru the cooperation of former Mayor Proulx and the City Council, money was appropriated to set up a modern kitchen and a new and larger lunchroom at the Nesmith School. The Junior High students are accommodated at High School and the workers at Hancock School prepare over 50 meals daily to be taken to the three rural schools in Sanbornton.

From Sept. 8 through Dec. 19, 18,696 noon lunches were prepared and served. In conjunction with the lunches 14,014 bottles of milk have been served either at recess time or at noon time to supplement lunches brought from home.

Children needing a well-balanced meal at noontime, but unable to pay for it are taken care of by the Red Cross. The school nurse recommends the pupils who participate in the program in this way.

The noon lunch for children in school provides one-third of the day's food requirements. Each day it includes one-half pint milk, a protein food-meat, fish, beans or peanut butter, one or more slices of bread, butter or fortified margarine, a fresh or cooked vegetable and a fresh or cooked fruit. Government surplus foods including, dried milk, concentrated orange juice, tomato juice, white and sweet potatoes and canned tomatoes have helped make it possible to serve a complete meal at a low cost to each child.

There are two adult workers in each of the three kitchens, who prepare each meal carefully and serve it attractively. This lunch program has required supervisory help from the school superintendent, the principals and teachers and the school nurse. Their cooperation has been greatly appreciated.

Respectfully submitted,

RUTH GILMAN, Cafeteria Director

## SCHOLARSHIP FUNDS

---

### Sanger Scholarship

Resolved by the Board of Education of Franklin:

Whereas, Warren F. Daniell has by his written communication addressed to the Board of Education, expressed his intention of establishing a free scholarship for graduates of the Franklin High School in Simmons College in honor of his mother, and to be known as the "Sanger Scholarship", and agreeing to pay annually a sum sufficient to pay the costs of tuition for one student for four years in any of the courses described in the catalogue of the College, and

Whereas, a student to be awarded this scholarship must comply with the following regulations: First, she must have completed four years' satisfactory work at the Franklin High School; second, her parents must reside in Franklin; third, the student's parents must be unable without undue deprivation to pay the tuition themselves.

Be it resolved: That the Board of Education of the City of Franklin fully appreciates the spirit that prompted Mr. Daniell to establish this scholarship for the benefit of the young women of said city, thereby creating an additional incentive for higher educational advantages: and

Be it further Resolved: That said Board of Education willingly accepts said trust: and

Be it further Resolved: That a permanent Committee on Scholarships shall be established to consist of the Chairman of the Board of Education, the Superintendent of Schools and the Headmaster of the High School of said city, and

Be it further Resolved: That this resolution shall be printed annually in the school report of said Board.

---

### Franklin Student Aid Fund

To the Mayor and Members of the City Council, Franklin, N. H.:

In June, 1921, I placed with Dartmouth College at Hanover, N. H., a fund of \$2,500.00—the income from which I wished to be used to assist under certain conditions students at that institution who were residents of this city.

It was found incompatible with the methods of disposing of the funds at Dartmouth College, to handle this fund under the con-

ditions which I wished to impose—and for that reason I have transferred this sum from Dartmouth College to the City of Franklin.

I am attaching herewith the securities representing the fund together with a statement of the methods I wish followed in disposing of the income from the fund.

Respectfully yours,

WALTER F. DUFFY.

### **Franklin Student Aid Fund**

Established by Walter F. Duffy, June, 1921

A sum of \$2,500.00 is entrusted to the City of Franklin, N. H., the income from which is to be used to assist worthy boys and girls, residents of this city, to secure a collegiate education or its equivalent.

The recipients of the income from this fund are to be selected by a board of three consisting of the Chairman of the Board of Education, Superintendent of Schools and Principal of the High School of the City of Franklin, N. H.

The income from this fund is to be disposed of under the following fixed conditions:—

#### **I. Scholarship**

A student must attain such satisfactory standing in studies as to make it apparent to the authorities of the institution of learning where he attends, that it is advisable that the student pursue his studies and that he is on this account worthy of financial aid.

#### **II. Financial Needs**

It is to be required that the students who receive benefit from this fund shall be obliged, through lack of family financial resources, to earn at least a substantial part of the money necessary to meet the expenses of their attendance upon their studies.

#### **III. General Restrictions**

It is to be understood that in allotting the proceeds of the fund, preference is to be given to students at Dartmouth College, Hanover, N. H., who are residents of the City of Franklin, N. H. If no such students apply for the benefits of this fund, then the

income can be used to assist any boys or girls who are residents of the City of Franklin, N. H., and who are pursuing a course of studies in any institution of learning giving a collegiate education or its equivalent, provided that the first two conditions covering the disposition of the benefits of this fund are fulfilled.

It is also to be understood that the income from this fund may be divided between two or more students, and that any students who receive financial aid from the institutions of learning where they attend are not thereby prevented from receiving aid from this fund.

If no students fulfilling the above requirements apply for the benefit of this fund the proceeds may be used as they accrue each year as seems best to the three persons mentioned above for the general educational good of the citizens of Franklin, N. H.

---

### **Daniell Scholarship**

In the year of our Lord one thousand nine hundred and fourteen.

A resolution relating to the "Daniell Scholarship".

Resolved by the City Council of the City of Franklin, as follows:

Whereas, Jere R. Daniell of New London, Connecticut, on the second day of April 1914, by his written communication of that date, addressed to the Mayor and Council of the City of Franklin, expressed his intention of establishing a free scholarship for graduates of the Franklin High School to the Massachusetts Institute of Technology, in memory of his father, the late Warren F. Daniell, and to be known as the "Daniell Scholarship", and together with his letter of the 16th of May, 1914, in which he agreed to give the sum of two hundred and fifty dollars each and every year, hereafter, beginning September 1st, 1914, to cover the cost of tuition for one student for four years in any one of the courses described in the catalogue of the Institute, and,

That a student to be awarded this scholarship, in whole or in part, must comply with the following named conditions:

First. He must have completed four years' satisfactory work at the Franklin High School.

Second. His parents or parent must reside in Franklin, and be unable without undue deprivation, to pay the tuition required themselves.

Third. He must show during his four years' work at the High School, marked ability in some one of the several subjects covered by the Institute courses.

In case several candidates present themselves in any one year, the scholarship will be awarded by competition in the entrance examinations for the Institute. The candidate entering with highest standing to receive the award.

A holder of the scholarship will be expected to maintain the same standard of work at the Institute as that required of holders of regular Institute Scholarships and the scholarship will be withdrawn in case the work is unsatisfactory.

The right is reserved to divide the amount of the scholarship among several applicants should such action seem desirable.

Be it Resolved, That the City of Franklin fully appreciates the spirit that prompted Mr. Daniell to establish this scholarship for the benefit of the young men of said city, thereby creating an additional incentive for higher educational advantages in those who through misfortune or adversity would otherwise be prevented from obtaining the same; and

Be it further Resolved, That said City willingly accepts said trust, and does hereby direct that the annual payment of the sum of two hundred and fifty dollars shall be made to the City Treasurer, who shall pay the annual tuition of said student or students upon the presentation of the bill for same by the Bureau of the Institute, and,

Be it further Resolved, That a Permanent Committee on Scholarship shall be established to consist of the Chairman of the Board of Education, the Superintendent of Schools and the Principal of the High School of said City of Franklin, and

Be it further Resolved, That this resolution shall annually be printed in the reports of said city.

Approved,

W. W. EDWARDS, Mayor.

Passed June 1, 1914.

## RESOLUTION

No. 18

In the year of our Lord one thousand nine hundred and forty-seven.

A Resolution relating to the annual audit of the city of Franklin.

Be it resolved that the Finance Committee confer with Peisch, Angell & Co., auditors of the city of Franklin, on ways and means to effect a reduction of the cost of the audit of the City of Franklin and

Be it further resolved that findings in this study be submitted to the City Council for its information and guidance.

Approved: HENRY J. PROULX, Mayor.

Passed: May 5, 1947.

A true copy attest: Mildred S. Gilman, City Clerk.

## RESOLUTION

### No. 19

In the year of our Lord one thousand nine hundred and forty seven.

A Resolution relating to borrowing money in anticipation of taxes.

Resolved by the City Council of the City of Franklin as follows:

That, in addition to the \$200,000.00 in anticipation of taxes authorized by the City Council of the City of Franklin on January 6th, 1947 that for the purpose of paying such claims against the City of Franklin as may fall due before the 15th day of December, 1947 the City Treasurer of the City of Franklin, with the approval of at least a majority of the Standing Committee on Finance, be and hereby is authorized and empowered to make such temporary loans from time to time for the use of said city, of sums not exceeding the aggregate amount of seventy-five thousand dollars (\$75,000.00); said loans being in anticipation of the taxes of the present year and hereby made expressly payable therefrom; said Treasurer giving for the said loans the notes of the said City bearing the authenticating certificate of the First National Bank of Boston, in Boston, Massachusetts; said notes to be signed by the City Treasurer and countersigned by the Mayor and to be payable within one year from their respective dates.

Approved: HENRY J. PROULX, Mayor.

Passed: July 7, 1947.

A true copy attest: Mildred S. Gilman, City Clerk.

---

## RESOLUTION

### No. 20

In the year of our Lord one thousand nine hundred and forty-seven.

A resolution relating to raising money by taxation.

Resolved by the City Council of the City of Franklin as follows:

That the sum of \$336,382.49 be raised by taxation the present year and that the assessors be instructed to assess for the amount as follows:

County Tax	\$29,774.83
Library	8,200.00
Schools	136,790.04
Poll Taxes	6,208.00
National Bank Stk. Taxes	1,125.00

and the sum of \$154,284.62 to meet the current expenses provided for by the appropriations made and same be appropriated with other revenues of the City to meet the same.

Tax rate for 1947: \$38.00 per thousand.

Approved: HENRY J. PROULX, Mayor.

Passed: August 14, 1947.

A true copy attest: Mildred S. Gilman, City Clerk.

## RESOLUTION

### No. 21

In the year of our Lord one thousand nine hundred and forty-seven.

A Resolution relating to Daniell Park for Veterans.

Be it resolved by the City Council of the City of Franklin as follows:

That the streets in the project be accepted, so all public services enjoyed in this community be extended to that area.

That all streets at the project from Bow Street to town line be named as follows:

Glenwood Avenue and New Hampton Road .....	Victory Drive
Continuation of Edwards Street in project .....	Freedom Drive
Street of Burdick Home .....	Glory Avenue
Street of Walton Home .....	Patriot Avenue
Street of Clogston Home .....	Liberty Avenue
Street of Connor Home .....	Independence Avenue

That all homes receive the assignment of their numbers.

That the lighting committee be given power to act to order installation of necessary street lights.

That the Council subscribe to support the veterans in obtaining mail deliveries by the U. S. Government.

That a suitable and sufficient marker be erected to perpetuate the memory of Warren F. Daniell, for his beneficence, leaving this land to the City of Franklin.

That this audit now presented to you of the activities of its committee members be accepted as one of progress pending the final report to this body.

That owing to the interest now existing at the Development for Veterans by its home owners, and the part they will play with its future progress, that two of their number be nominated to this Special Committee, these two members to be named by the Association under which they are formed the Veterans Association of Daniell Park. The members to be Webster Burdick and Thomas Coen.

That the committee be discharged its assignment on lumber project with acceptance of audit of same.

Approved: HENRY J. PROULX, Mayor.

Passed, Oct. 6, 1947.

A true copy attest: Mildred S. Gilman, City Clerk.

---

## RESOLUTION

### No. 22

In the year of our Lord one thousand nine hundred and forty-seven.

A Resolution relating to the selection of a City Manager.

Resolved by the City Council of the City of Franklin as follows:

That a committee of three composed of Councilmen Asa Bennett, Frank Sargent, and Allen Atwood, be authorized to invite candidates to Franklin who aspire to the office of City Manager and present their qualifications at the next City Council meeting, December 15, 1947.

This is in compliance with the wishes of the people as expressed in their vote November 25, 1947.

Approved: HENRY J. PROULX, Mayor.

Adopted: Dec. 1, 1947.

A true copy attest: Mildred S. Gilman, City Clerk.

## **RESOLUTION**

### **No. 23**

In the year of our Lord one thousand nine hundred and forty-seven.

A Resolution relating to the borrowing of money.

Resolved, by the City Council of the City of Franklin as follows:

That the amount of \$55,000.00 be borrowed by the 15th day of December 1947 for the purpose of covering expenses that may arise before January 1st, 1948.

Approved: HENRY J. PROULX, Mayor.

Passed, Dec. 1, 1947.

A true copy attest: Mildred S. Gilman, City Clerk.

## AMENDMENT TO ORDINANCE ON TRAFFIC REGULATIONS

---

An amendment relating to Traffic Regulations.

Be it ordained by the City Council of the City of Franklin that Section 15 of Chapter 13 Ordinance relating to Traffic Regulations be amended to read: Section 15. No automobile or other vehicle shall be parked or left on Central Street between Church Street and Sanborn Bridge or on Franklin Street between Central Street and Church Street or on Memorial Street between Central Street and Canal Street for more than two hours at any time, between the hours of 8:00 A. M. and 6:00 P. M. on week days except Saturdays and between the hours of 8:00 A. M. and 9:00 P. M. on Saturdays. Sundays and holidays excluded.

Approved: HENRY J. PROULX, Mayor.

Passed: September 3, 1947.

A true copy attest: Mildred S. Gilman, City Clerk.
